Claims 1-4 and 6-11 are presented for examination.

The amendments and declaration filed on April 12, 2010 have been received and entered

Claims 1-4 and 6-11 are rejected under 35 U.S.C. 103 (a) as being unpatentable over Asgharian et al. (U.S. Patent 6,139,646) for the reasons set forth on pages 2-5 of the office action of October 13, 2009.

Applicant's arguments and declaration have been carefully considered, but are not deemed to be persuasive. Applicant in his remarks and declaration argues that the enzyme solutions, such as those taught by Asgharian et al., are often used to digest the protein build up on contact lenses. However, the enzyme solutions would be detrimental if they came into contact with the eye. Applicant goes on by saying that the enzyme would digest the proteins naturally found in the eye causing severe adverse effect. It is the examiner's position that the prior art teaches all the components of the claimed composition. The use of the language "comprising" permits the addition of other active ingredients. Furthermore, Asgharian in column 12, lines 40-45 teaches that Part II disinfecting composition or part II composition refers to either a stand-alone disinfecting composition or a part II component of a multi-purpose composition. Therefore, such teaching indicates that the disinfecting composition can be a stand alone as a disinfecting solution without the enzyme solution.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
